منذ ١٩٨٩ Since 1989

*Complete Cleaning Solutions*

## History

Middle East Cleaning Co - MECC founded in 1989 with a vision of offering extensive high-quality services. Today, with over 30 years in operation MECC has grown to be recognized as the leading service and products provider for cleaning and hospitality industry. We are committed to offer world class services for client as per the global quality standards establish for the industry.

With over 3 decades of cleaning processes and procedures expertise we have developed the most effective methods and products to service virtually every type of industry. This makes us exceptional and distinct from the rest of service providers in the industry.

We are always on the lookout for opportunities to improve our services and quality benchmarks by adapting new technologies.

We are the official and sole distributor of HOST® The Dry Extraction Carpet Cleaning System (USA) and ARIDEX - The Dry Upholstery Cleaning System (USA) in Qatar.

MECC is also the distributor for SUPERSTEAM – SINGAPORE in Qatar.

## Why Choose Us

**MECC offers quality cleaning products & services and value for money.**

**As a well-established, Qatari owned company, we do more than “just clean”.**

With a positive and proactive approach, MECC partners with clients, identifying their unique needs to develop a comprehensive and customised cleaning solution, which is constantly scrutinised, tweaked and adapted as required in our perpetual endeavour to exceed expectations.

We work with our clients closely to determine their unique cleaning requirements, regardless of what industry they are in before we set our management process in motion. You can read all about our extensive commercial cleaning and management process here.

## **Not a one size fits all approach**

The difference when you choose our company is the personal touch that you will receive. We go above and beyond to develop a relationship with our clients so that they always feel completely comfortable with our service. We will work with you to develop a cleaning solution that is perfectly tailored to your facility,

## **Systems and Support**

Our cleaning process is supported by proactive supervisors who uphold the highest quality assurance standards. This results in our customers receiving a complete cleaning service at a competitive price.

## **We genuinely care**

Obviously committed to the highest industry standards in our field, we passionately pursue better ways of doing things, challenging the status quo, and questioning everything. That is why we do things a little differently – to get the absolute best result for our clients, their stakeholders, and the environment.

## **Accountable and approachable**

We have built our business on family values – honesty, reliability and quality, and our customised cleaning solutions are supported by exceptional levels of communication.

## **What Makes MECC Unique?**

### **Green Cleaning - A Cleaner Environment with our Cleaning Services**

We provide the extra service required to maintain a clean and pleasant environment.

The HOST® Dry Extraction Cleaning System used by MECC is a proven method for achieving clean and dry flooring that looks its best every day. HOST is Green Seal & Certified USDA Bio Preferred Certified and is 100% Biobased. By using HOST, we contribute to a cleaner environment both inside and outside your facility.

## Our Services

### Offices & Commercial Cleaning

We have more than 30 years' experience in commercial cleaning throughout Qatar, and our dedicated team understands the differences which come with various types of commercial cleaning.

### Residential Cleaning

We provide a service tailored to meet your needs. We can visit weekly, fortnightly, monthly, or as often as you would like. Whatever your requirements our staff will take pride in cleaning your home.

### Schools and Nurseries Cleaning

MECC offer Schools & Nurseries the best quality service where top cleaning standards are applicable using environmentally friendly products approved by British Institute of Cleaning Science (**BICSc**).

### Move In-Move Out / Post Builders Cleaning

Reclaiming your home from the builders can be a real struggle, and fine builders' dust can remain for months after they have left. Using our systematic approach to cleaning, we ensure that every surface and ledge will be wet wiped down to minimise the amount of residual dust.

## Our Services

### Carpet Care

The HOST® Carpet Cleaning System (USA) used by MECC is the environmentally preferred carpet cleaning system that deep cleans your carpet and reduces dust mites and mold leaving it fresh, clean, dry, and back in use immediately. Made from 100% plant-based resources and a little bit of water, HOST® is the easy, effective, safe, and green carpet cleaner. We also do shampooing of carpets.

### Upholstery Cleaning

The Aridex Upholstery Cleaning System (USA) used by MECC is a simple and fast method for deep cleaning your upholstered furniture anytime without the inconvenience of getting it wet. Great for cleaning all types of fabrics including velvet, jacquard, weaves, tapestry, brocades, and leather. We also do cleaning of curtains and blinds.

### Marble Care

Our Marble Care Team has honed their skills by rigorous advanced training courses coupled with worlds best polishing machines from Italian manufacturer Klindex. You are rest assured that your valuable marbles are in safe hands.

### Window Cleaning

We clean the entire window, glass, frames, and sills. We spend far longer than the average window cleaner, getting into every corner, nook, and cranny. Areas a traditional window cleaner does not touch. We use a pure-water system, meaning not only surface dirt is removed but the surface is cleaned of all residual dirt and chemicals.

## Our Products

### HOST - The Dry Extraction Cleaning System

MADE IN USA

FOR BIG JOBS, TOUGH JOBS AND REGULAR MAINTAINCE USE!

The HOST® Dry Extraction Cleaning System is a proven method for achieving clean and dry flooring that looks its best every day. HOST is Green Seal & Certified USDA Bio Preferred Certified and is 100% Biobased. By using HOST, we contribute to a cleaner environment both inside and outside your facility. In fact, no other cleaning system has the variety of independent certification and research that HOST Dry Extraction Cleaner has. The summary of independent research and certifications shows that HOST is environmentally preferred and the best choice for green, clean, and dry flooring that looks its best every day.
